1. ABOUT PRODUCT & SERVICES: THE POWER OF UNIFICATION

iBUNIFY is an enterprise-grade CRM, communication, and sales automation platform engineered by iGLOBUS Corporate Consulting. Built specifically for high-velocity sales and real estate operations, iBUNIFY solves the fragmentation between disparate marketing channels, delayed lead responses, and lack of follow-up ownership.

Design Principle: Connect the core before adding complexity. Ingest every lead, route every conversation instantly, automate follow-ups, and track conversions end-to-end.

< 1 Min	100%	3x	24/7
FIRST RESPONSE SPEED	LEAD ATTRIBUTION	FOLLOW-UP VELOCITY	AI VOICE & CHAT

Integrated Platform Services Overview:

A. Centralized Real Estate CRM

Complete lead lifecycle tracking from Inquiry → Qualification → Site Visit → Negotiation → Booking & Closure.

B. Omnichannel Lead Ingestion

Direct API ingestion from Meta Ads (CAPI), Google Ads, property portals (99acres/Housing), website forms, and walk-ins.

C. Closed-Loop Marketing Attribution

Syncs qualified offline leads and site visits back to Google & Meta to continuously optimize ad spend and lower acquisition costs.

D. Executive CDR & Conversion Analytics

Real-time team dashboards, call recordings, agent talk-time metrics, and pipeline conversion velocity reports.

2. AI CALLING SERVICES & COSTING

iBUNIFY AI Agent Calling delivers automated, natural human-like voice conversations to qualify prospects, re-engage cold leads, and eliminate call latency:

- **Instant Inbound & Outbound Follow-up:** Automatically dials new digital inquiries within seconds or follows up on missed calls.
- **Lead Qualification & Budget Mapping:** Identifies project preferences, purchase timelines, unit configurations (2BHK/3BHK), and budget ranges.
- **Intelligent Agent Handoff:** Transfers hot, qualified prospects directly to human sales executives with full conversation transcripts.
- **24/7 Availability & Multi-lingual Support:** Ensures no inquiry goes unattended during late evenings, weekends, or holidays.

SERVICE COMPONENT	SCOPE & DELIVERABLES	INVESTMENT (INR / ₹)
AI Voice Agent Engine	Natural conversational voice agent, intent detection & CRM transcript sync	Included in Setup
AI Calling Usage	Per completed incoming or outgoing conversational call	₹7 / call

3. CLOUD TELEPHONY SERVICES & COSTING

Enterprise cloud telephony infrastructure integrated directly into the CRM to give complete control over lead communication:

- **Intelligent Call-to-Lead System:** Inbound calls route to available agents first. Answering instantly triggers a lead profile in CRM.
- **Dedicated Project Virtual Numbers:** Assign unique tracking numbers for Meta Ads, Google Ads, hoardings, and portals.
- **Hybrid After-Hours Routing:** Automatically switches calls from the web system to sales agents' mobile phones during non-office hours.
- **Call Recording & CDR Analytics:** Complete audit trail with secure storage, agent talk-time analytics, and disposition tagging.
